"Going Out For Nothing"

Shes coming on slowly leaving me fast
Saw people of the future hear voices of the past
He who laughs will lose his grasp
How long can this laugh last
Open the windows open the doors
Hang from the ceiling, jump through the floors
Everybody touch a whore
Everybody love some more
Don't you wait up for me
Going out going out for nothing
Going out going out for nothing
Don't you wait up for me
Going out going out for nothing
Going out going out for nothing
Don't you wait up for me
Going out going out for nothing
Going out going out for nothing
We gonna get high
Shes coming on slowly leaving me fast
Saw people of the future hear voices of the past
He who laughs will lose his grasp
How long can this laugh last
Don't you wait up for me
Going out going out for nothing
Going out going out for nothing
Don't you wait up for me
Going out going out for nothing
Going out going out for nothing
Don't you wait up for me
Going out going out for nothing
Going out going out for nothing
We gonna get high
