The beat's alright and you like to dance
The words don't phase you, they just fly right past.
Have you ever stopped to hear what they're saying to
you
Do you do what they do?
They say "Just dance all night and have a good time.
Make a little love now, oh, it'll be just fine.
Do what you wanna do, what could go wrong?"
Cause after all its just a song.

Yeah, yeah, yeah, so don't believe everything you hear.
Cause if that's your reality, you've got a lot to fear.
Do you ever wonder, do you ever doubt it.
What are you listening to? you need to think about it.

Sit-coms, make-overs, music videos.
Teen dramas, soap operas, and those reality shows.
Three hundred channels and there's still nothing on tv.
Do you see what I see?
I see people fighting like jackals just to win the game.
Oh, they'll do anything at all to win their fortune and
fame.
And I see please make me over, cause I don't like who I
am.
Change my face if you can.

Yeah, yeah, yeah, so don't believe everything you see.
Cause not everything is right that's on the tv screen.
There's so much more than meets the eye, don't you
ever doubt it.
What are you watching? You really need to think about
it.
Think about it.

So what's on your mind friend? What's eating you?
Where do your thoughts seem to wander to.
What you say and do all starts there in your mind.
So what's up there all the time?
Is it money? Is it people? Is it him or her?
All the things you wish you had or that you wish that
you were.
Are you stressed about tomorrow? Are you chased by

yesterday?
Well who cares anyway?

Yeah, yeah, yeah, you better be careful how you think
alright.
Cause whatever consumes your thoughts controls your
life.
And all those things you keep inside can and will be
outed.
What are you thinking? You really need...
What are you watching? You really need to think about
it.
What are you listening to? You need to think about it..
Think about it.
