I had a few things that I want to say
They said a hundred times, a hundred ways but
This is from me to you
[Incomprehensible]

My heart doesn't have to hurt no more
I found everything that I've longed for in you
You're my everything
My heart and my soul desires

My love, you're the one that I adore
I'll be baby, everything you need and more
If you take my hand and trust in me, you'll see
You don't have to worry 'cause I promise to you

That I will, I will
Give my all to you, never be untrue
Love will make a way for us to stay together
I promise that I will baby
Give my all to you, never be untrue
Love will make a way for us to stay together

My life, my life hasn't been the same since you
And now, I don't know what I would do
Without your sweet love to comfort me, baby
You don't have to worry 'cause I promise to you

That I will, will
Give my all to you, never be untrue
Love will make a way for us to stay together, girl
I will, I will
Give my all to you, never be untrue
Love will make a way for us to stay together, girl

My love, I realize with each passing day
I need you more and more, it's funny
In the midst of a busy day
I stop and I think about you and I smile

I know we have our ups and downs
But our love will make a way
So today I promise, I'll give my all to you

Give my all to you, never be untrue
Love will make a way for us to stay together, girl
Give my all to you, never be untrue
Love will make a way for us to stay together, girl

Give my all to you, never be untrue
