The city of angels is filled with apparitions  
Ghosts, Musicians and Politicians  
All waiting to shake your hand  
But they'll stab you in the back baby  
Just as quick as they can  
They got attitudes, cool moves and hidden agendas  
Hear me when I say..  
Trust no one  
Cause you just might live to regret it someday

Let us pray  
I'm coming down from the pain  
Those righteous lies I heard you say  
But I refuse to speak your name in vain  
I think its better that way  
Too many words were said  
This malediction is inside my head

Jesus wept  
You made you're bed and now you'll lie in it.  
Each day goes by with my regret  
I never wanted to believe you could  
I can't pretend it's all good

Malediction Lyrics  
Lyrics College

Too many words were said  
This malediction is inside my head  
Enshrined inside of my mind  
Is how I bury my dead  
How does it feel to be redeemed  
After you lost your faith  
You were pathetic when you prayed  
Just begging to be saved!

The Judas left  
Our resurrection had to be your death  
I won't forgive or forget

Too many words were said  
This malediction is inside my head

Enshrined inside of my mind  
Is how I bury my dead

How does it feel to be redeemed  
After you lost your faith  
You were pathetic when you prayed  
Just begging to be saved  
I'll never split that piece of wood  
Never lift that stone  
But I will be the one who collects that pound of flesh  
you owe... me
