dishonest  
you came with your first kiss  
blue eyes sold me your heavenly presence  
something was suffocating me and i couldn't breathe  
i couldn't breathe  
had no idea that you would ever deceive  
i tried to believe all the things that you taught me  
christlike images of truth  
they straight got me  
now watch me drown in sadness  
my lungs gasp for air as i let you stab this heart  
and rip apart wounds that exist  
deeper and darker than any words i could spit  
all is shit  
and it will never be well  
because the fires that burn are my never ending hell  
is this what you call god?  
your faith is lost  
is this what you call god?  
get off your cross  
get off  
bridges connect for necessity  
lifelines scar my hands like the rest of me  
asked me to trust you and yes i tried to  
constant apologies caused me to lie too  
tried to medicate my hate with your magic  
how could something so sweet end up so tragic  
resurrect me from this abyss  
in death every body function fails to exist  
false commitments  
tongues twisted with religion  
a heart shaped rock of the same size incision  
obsolete  
with no relief or release  
just insomnia filled nights of never ending sleep  
is this what you call god?  
your faith is lost  
is this what you call god?  
get off your cross  
split a piece of wood and i am there  
lift a stone and you will find me  
are you still scared?

sanctuary  
sanctuary  
sanctuary  
there's no sanctuary  
is this what you call god?  
is this what you call  
god  
is this  
is this  
is this what you call love?  
get off  
get off  
watch me  
get off  
get off  
watch me  
get off  
get off  
now watch me fall  
i swallowed all of your lies  
and they felt good going down  
death be not proud
