Well I woke up tossing and turning  
An unfamiliar fire's been burning  
And I don't how to feel  
Not used to real  
It's too real  
For more than two years I've been lonely  
Then you came around ever so slowly  
When I needed it most  
You'd just hold me  
Then you'd unfold me  
Every layer

I don't wanna run from it  
This is the happiest I've ever been  
I'd rather -escape- with these memories  
Than worry about losing him  
X2

Noreg noreg noreg noregular  
Love  
(X4)

I'm not great at love, but I'm open  
And out of all of the prayers out there, mine was  
chosen  
You're unbelievable  
How can I trust this?  
Trust shit.  
I can't even find the words

I don't really wanna run from it  
This is the happiest I've ever been  
I'd rather -escape- with these memories  
Than worry about losing him  
X2

Noreg-noreg-noreg-noregular  
Love  
(X4)

Well I woke up tossing and turning

An unfamiliar fire's been burning  
And I don't how to feel  
I swear that's too real
