It's something bout the scent in your cologne
One sniff and it takes me home
Something bout the look in your eyes
Just a glance and it all is okay
Something bout the way that you walk
Something bout the things that you say
Boy you'll take my breath away
It's something bout the way that you stand
Too much pride not a boy, but a man
And deep into the darkness said I can see ya light
And when I'm really really scared really really scared
You let me know I'll be alright, tonight
Said ima be alright, ima be alright

Let me show you a world you won't believe
Come and take a ride to my galaxy
We can kick it on my planet
I can be your Super Planet Janet, Super Planet Janet
We can kick it on my planet
I can be your Super Planet Janet, Super Planet Janet
Let me be your Super Planet, Janet

It's something bout the way that we fight
You always apologize even when you're right
Something bout how you like when I cry
and let you see my eyes
Something bout when I laugh
You'll see the rain the prettiest skyy and it's sly,
noo (noo)
I love it how your family opens their arms up to me
Something bout your protection all a symbol of ya

affection for me
Nothing more than I could need, I could need

Let me show you a world you won't believe
Come and take a ride to my galaxy
We can kick it on my planet
I can be your Super Planet Janet, Super Planet Janet
We can kick it on my planet
I can be your Super Planet Janet, Super Planet Janet
Let me be your Super Planet, Janet

Oh boy, boy, boy, boy 2x
Oh boy, boy, boy youuu
Got me going crazy, crazy, crazy, crazy
You got me going crazy (crazy)
I really wanna be your Super Planet Janet or
I could just be your Jane
In the end it's all the same, eh
In the end it's all the same

It's something bout the scent in your cologne
One sniff and it takes me home
Something bout the look in your eye
Just a glance and it all is okay
And it all is okay 2x

I really wanna kick it on my planet
I can be your super planet janet, super planet janet
You wanna kick it on my planet
I can be your Super Planet Janet
Or I could just be your Jane
Cause in the end it's all the same
I could just be your Jane
Cause in the end it's all the same
