All the time I wasted  
hasting from one to another  
never seeing, what was laid before me  
now time has slipped away from my hands  
And here I stand, at the end of time  
and see, there is nothing I would not regret in  
my shameful, shameful life  
for a moment I do despair for there is no going back  
I cannot mend the deed I did not do  
I can't undo all the harm I've caused

Save these words of mine  
and see the horror I face each day  
like sand, time slips away from me  
and there is no gate to close, nothing will stop it

Hold on to me  
I don't want it to end like this  
Hold my hand for a while  
Keep me warm, till night passes by

I feel it all begin to chance  
My body betray me, it turns to earth  
Oh, how I would like to rest  
But I... I fear the darkness...
