I've had enough, I'm finally through
Everything I ever knew
What truth I found I always knew
The world awaits for me to choose
I get it all to lose it all so I can say
My life's just one big great mistake

Calm the pain I feel 'cuz it's all self chosen
But I can change today's a brand new day
Somehow I let my fear become outspoken
But that can change, today's a brand new day
Brand new day

There is nothing you can say to me
To take away my shine
You can pick part the flaws in me
'Cuz there's nothing here to hide
I'm in control now of this destiny
Of which I cannot be denied eternally

I get it all to lose it all so I can say
My life's just one big great mistake
Calm the pain I feel 'cuz it's all self chosen
But I can change today's a brand new day
Somehow I let my fear become outspoken
But that can change, today's a brand new day

It's only what we choose to do
It's nothing that can't change
Only reasons we tell ourselves, we sell ourselves
That's breaks my... the same

Calm the pain I feel 'cuz it's all self chosen
But I change today's a brand new day
Somehow I let my fear become outspoken
But that can change, today's a brand new day
Brand new day

Come and search for something wrong
