(I vote for you)

I get the feeling that I'm always awake  
And that I'm trying to dream but there's no one to take  
Me there  
And I vote for you

You get the feeling that you're always asleep  
And if you look out and see me and touch me  
I'll disappear

But I don't give a damn about your dreams  
A whole world that is falling at the seams  
Cuz that's what it's supposed to do

And I don't give a damn about the scene  
It's my only way back to you  
It seems that I'll cry into the night  
And make you feel me

You call me on  
Now give it up  
Give it up  
You alone  
You call me on  
Now give it up  
Now give it up  
You alone

I get the feeling that I'm always awake  
And that I'm trying to dream but there's no one to take  
Me there  
And I vote for you

You get the feeling that you're always asleep  
And if you look out and touch me and see me  
I'll disappear

But I don't give a damn about your dreams  
A whole that is falling at the seams  
Cuz that's what it's supposed to do

And I don't give a damn about the scene  
It's my only way back to you  
It seems that I'll cry into the night  
And make you feel me

You call me on  
Give it up  
Now give it up  
You alone  
You call me on  
Now give it up  
Now give it up  
You alone...
