The structures have fallen,
But she swear that she's safe,
From the waters edge,
Where she dug her own grave.

"She will betray everyone she'll ever love"
Tell me how you sleep at night...

The storm takes its toll,
The winds wash us away,
In to the unknown,
Were in such disarray.

Don't let us drown.
Keep your friends close, but keep us closer.
We are the shelter, now its your chance to shine...
But we know, your just a spiteful dead weight.
"And we'll sing from the shallows,
As we swim for our life's.
We wont beg for forgiveness,
When we are the divine.
So hail the coast guard,
They wont save you tonight.
When your destined to drown,
And Im destined to fly."

Sleep well my dear, oh sleep well my dear...
The nightmares that haunt you now all become clear.
Now sit in the dark and think back to the start,
When you cut yourself open but tore me apart.

"Alisia, tell me those lies that you wrote in the stars..."
