there's Nothing to do
I come with my crew
at your party baby
so open up your view
glitter everything
I'm your beauty queen
I'm Assolutamente favolosa

all the people see my phard
look my body thinking
I'm a drag
but I am no
Im a flower
so delicious this is my power

Ehy boy, you'll never touch my back
your lipstick is too short
I'll never kiss you there

Ehy boy, you'll never touch my back
your lipstick is too short
I'll never kiss you there

I wanna tell you that I love you...
I wanna kiss for the last time...
don't be afraid baby don't feel alone
this is the time for we to say goodbye

all the people see my phard
look my body thinking
I'm a drag
but I am no
Im a flower
so delicious this is my power

Ehy boy, you'll never touch my back
your lipstick is too short I'll never kiss you there

Assolutamente favolosa, Assolutamente Favolosa
