"The Way To Her Heart"

She walks the wind, she rides on the light
Out of the darkness and into my life
If I could find the right words to say
Her touch is so near, but a world away

There's a long road between us
But I can't turn away
God if you're listening, give me a sign,
And show me the way... to her heart.

Every time she's near, I feel alive
Her visage haunts me each time I close my eyes
Can she feel the pain in my heart?
Does she understand?

There's a long road between us
But I can't turn away
God if you're listening, give me a sign,
And show me the way... to her heart.
