### "Why I Cry"

Lost in your dreams, can you hear me call  
As deeper than the night, in love with you I fall?  
Many miles between us, so much time yet to come  
Still I have to dream, dream of the day;  
And now you will know why I cry...

Deep in your heart there's a light that grows  
As lost in your night you will see and know  
It's guiding you safely to my arms once again  
But for now I wait, wait in the dark  
And now you will know why I cry...

Destiny calls and you have to go  
Bearing the burden that's hurting you so  
I don't want to see it, I don't want to know  
But we must endure oh so much to survive  
And now you will know why I cry ...

Why do you roam such a lonely way  
Sadness of the years - every word you say  
Many miles between us, so much time yet to come  
So for now I dream, dream of the day;  
And now you will know why I cry...  
now you will know why I cry...
