(Traphik)

Now baby you know Iâ'm broke
But you can't buy what I got

(T-Pain)

T-Pain
Yeah!

(Traphik)

Traphik
Yeah man.

(T-Pain)

You know we represent man.
Nappy boy!

(Traphik)

Now girl I know you see me rolling in my '94 Corolla
And my shits be fluctuating like Iâ'm playing texas hold
'em
But hold up
Don't act like you ain't happy when I roll up
Cause you and me's a classic like a glass of Coca-
Cola.
And so what
If my little car is about to fall apart
And Iâ'm rolling on some hubcaps that I just bought
from Walmart
Regardless, im ballin', im ridin' on big wheels
Cause in case you didn't know
Iâ'm kind of a big deal
So then can make more money(?) cause im feelin
fabuloso
And whether you call it swag, pimp juice, or simply
mojo
Iâ've had it all my life
Just like KC & JoJo
Let's see how this develops
I aint talking bout a photo
But its picture perfect when I picture you how you work
it
And it's worth it if you take a chance

And be with me for certain
I don't drive an Excursion
Or even fly with virgins
Who needs to fly with birds
When im such a fly person

(Chorus)

Shawty I got a car, I got a crib
And it's a mall cross the street from where I live
Every size of rims is in my front yard
Waterfalls and all (Im a baller baby)
I could be everybody else or I could be me
And tell you that I like you
And everything I see
Now I could take a chance and be myself
Naw I can't do it cause you like everybody else
So I'll be everybody else

(Traphik)

Now maybe baby
Puffy Jay-Z
When all be better for you
Cause girl I can't afford you
But when I'm moving toward you
Believe I will award you
With good, good loving
That will make you scream out "Lord"
I wanna squeeze while you squeezing the thong
It's enough to make me snap like the beat of this song
And you might want someone else
But I don't want to hold another
I'm just trying to keep it real like chances older
brother
So come and discover me
And then maybe
We can do it like mammals
On the discovery
Channel number five
Or love potion number nine
Or some biggie secret lotion while I'm rubbing your
behind
And I know that love is blind
But you ain't seeing the truth
Cause these other dudes is frontin
Like their jury(?) on their tooth
And everybody else is just less then me
So text me winky faces
In a less then 3

(Chorus)

Shawty I got a car, I got a crib

And its a mall cross the street from where I live
Every size of rims is in my front yard
Waterfalls and all (Im a baller baby)
I could be everybody else or I could be me
And tell you that I like you
And everything I see
Now I could take a chance and be myself
Naw I can't do it cause you like everybody else
So I'll be everybody else

(Traphik)

Now you could get with this or you could get with that
So rock your little hips and do a finger snap
I said you could get with this or you could get with that
Yeah you could get with them but them other dudes are
wack
And everybody else wanna talk about swag
But I aint gotta say it cause I got it in a bag
And everybody else wanna show em what they got
But I ain't gotta show it cause I know my shits hot
Yeah you could get with this or you could get with that
And you could get with them but you gonna get right
back
And you could get with me or you could get with him
Oh you want to get with me?
Oh hi my name is Tim
Again my name is Tim
Fuck everybody else
Cause when the lights is dim i'll make your body melt
See how your body felt
It'll never feel the same
Cause everybody else is a mother fucking lame

(Chorus)

Shawty I got a car, I got a crib
And its a mall cross the street from where I live
Every size of rims is in my front yard
Waterfalls and all (Im a baller baby)
I could be everybody else or I could be me
And tell you that I like you
And everything I see
Now I could take a chance and be myself
Naw I can't do it cause you like everybody else
So I'll be everybody else
