You were the apple of my eye,
My Phoebe Cates from Ridgemont High
Did you take me on for fun?
Or did you take me for a ride?
Maybe we were a little young,
Too young to know there was something wrong,
But before i move along,
I need to know what you're running from,
You're running from

But it's too late,
it's too late,
But it's too late
it's too late,
But it's too late to talk now,
it's too late to talk about now

But it's too late,
it's too late,
But it's too late
it's too late,
But it's too late to talk now,

I was a thorn stuck in your side,
And i could never change your mind,
But no matter how hard you tried,
You couldn't hide from the kick inside,
Maybe we were a little young,
Accidents happen what you're having fun,
But before i move along,
I need to know what you're running from,
You're running from

But it's too late,
it's too late,
But it's too late
it's too late,
But it's too late to talk now,
it's too late to talk about now

But it's too late,

it's too late,
But it's too late
it's too late,
But it's too late to talk now,
it's too late to talk about now

But it's too late,
it's too late,
But it's too late
it's too late,
But it's too late to talk now,
it's too late to talk about now

And it's too late,
But it's too late,
But it's too late to talk now

But it's too late,
It's too late,
It's too late to talk now

But it's too late,
It's too late,
It's too late to talk now

It's too late,
It's too late,
It's too late to talk now
