

Goodbye Elliott "Constant As The Wind"

Slow wind blow,
Keep me from going insane,
Slow wind blow,
Love is a crazy thing.

Take your eyes and leave me alone,
Cause i can't handle,
This constant state of hope.

I've come to find,
You shine like the God taking a photograph,
Brighter than the sun, brighter than the sun
(taiyo yorimo akarui) (taiyo yorimo akarui)

I've come to find,
Your all I've ever wanted and
You're brighter than the sun, brighter than the sun.
(anata wa taiyo yorimo akarui) (taiyo yorimo akarui)

You should know,
I've never felt so insecure, so different,
Slow wind blow,
And know what I now know for sure,

Then take your eyes and leave me alone,
Cause I can't handle,
This constant state of hope.

I close my eyes and leave it alone,
Cause I can't handle,
This constant state of hope.

...state of hope.
