Blankets and dreams,
cover you completely,
and your eyes strike a chorus,
your eyes strike a chorus,

i feel safe and warm with you,
from the world that lays ahead,
i know whats before us
so i lost your trust,

take me for granted,
cause i dont have long with you,
you know what before us,
i lost your trust, (and i know)

in your head,
i'm running out,
but its not like that,
i'll go to you,
i'll be right here,

dont be scared,
and wipe your crying eyes,
do not fear,
i'll be right here.

things seemed perfect, and they were,
but at times i'm not from planet earth...
but you know that

you say you cant make it,
but i know your wrong,
your so strong...
your so strong

in your head,
i'm running out,
but its not like that,
i'll go to you,
i'll be right here,

dont be scared,

and wipe your crying eyes,
yeah do not fear,
i'll be right here...

the stars above whisper to me,
to hold you close while i still could,
cause this forest of goodbye's is short,
but its not goodbye for good.

so i close my eyes and make a wish
(that i could come or you would stay)
and when they open your not there,
but i'm not afraid,
cause until that day comes,
i know you'll be right here,

(Chorus)

you'll be in my heart forever,
and when i'm scared i will remember
the time we shared together,
and i know you'll be right here.
