## Verse 1

I use to be your halo  
You use to give me wings  
I use to fight for you for everything  
Now that you're gone  
Feels like a thousand miles away  
I don't know what to do with my life today  
How can you think he's more than I am  
Why did you leave mine and take his hand

## Chorus

I thought you were the one  
The one I'd always love  
I want to know that  
I need to know that  
You're always gonna be okay  
When all is said and done  
We've waited for too long  
I want my life back  
I need my life back  
So everything will be okay

## Verse 2

I can't see  
I can't breathe  
I don't know what I'm feeling  
You told me  
You won't leave  
But now you're there without me  
You ripped my heart in two and threw it all away  
I lay here patiently and try to live another day

## Chorus

I thought you were the one  
The one I'd always love  
I want to know that  
I need to know that  
You're always gonna be okay

When all is said and done  
We've waited for too long  
I want my life back  
I need my life back  
So everything will be okay

#### Bridge

Why did you leave  
Why cant you see  
You're all I want  
You're all I need (2x)

#### Chorus

I thought you were the one  
The one I'd always love  
I want to know that  
I need to know that  
You're always gonna be okay  
When all is said and done  
We've waited for too long  
I want my life back  
I need my life back  
So everything will be okay  
When all is said and done  
We've waited for too long  
I want my life back  
I need my life back  
So everything will be okay
