## Verse 1

Im lying on my bed  
Staring at my wall again  
I have nothing to do  
I wish I could be there with you  
My days they never end  
It's the same old thing again and again  
Whenever you are here  
You always seem to chase away my fears

## Chorus

I close my eyes and try to sleep  
But I cant stop thinking of you  
For some reason I am stuck on you  
And I don't know what to do  
Teenage Love

## Verse 2

I think about when we kiss  
Those are the times I deeply miss  
Your parents were never home  
It was you and me all alone  
Hurry back from your dads  
Cuz you to me are all I have  
Ill never tell you a lie  
So when you're with me there's no need for you to cry

## Chorus

I close my eyes and try to sleep  
But I cant stop thinking of you  
For some reason I am stuck on you  
And I don't know what to do  
Teenage Love
