Verse 1

You had me at hello, so goodbye,
Has a happy ending to this story of mine,
I drew you a flower, left behind,
From the good memories of our tragic lives,
You try to hide your face, so I will never see,
That you're scared

Chorus

Cuz we are, lost between, nowhere and goodbye
So hold your breath, hold your breath,
But keep your eyes open, you can't miss this

Verse 2

You lost me at sorry, so goodbye,
Has a sad ending to this story of mine,
If you ended up happy, then im alright,
Cuz you know I'll be there to see you smile
Chorus

Cuz we are, lost between, nowhere and goodbye
So hold your breath, hold your breath,
But keep your eyes open, you can't miss this

Bridge

Staring at, everything, but im only seeing you,
Im staring at, everything, but im only seeing you

Chorus 2x

Cuz we are, lost between, nowhere and goodbye
So hold your breath, hold your breath,
But keep your eyes open, you can't miss this
