There she goes
She's sittin' on the train
Her face is pressed against the window pane
And from the station I looked her in the eyes
Through the glass I thought I saw her cry

Don't look away
Don't look away
In your endless eyes a man can find his way
Don't look away
Don't look away
In your endless eyes a man can find his way

When slowly slowly the train was pushing off
And all i knew was that i was desperately in love
but i kept running with my hand up on the glass
cause when its good you've got to try and make it last

Don't look away
Don't look away
In your endless eyes a man can find his way
Don't look away
Don't look away
In your endless eyes a man can find his way
