"This Ain't You"

Everyone's trying to hide their love
Ambition that they glibly speak of
Late at night, you're a white knight

Well I know, I know, I know
I've never seen you like this before
I've never seen you like this before

You make it seem like you have a dream
It's all cool if you have me there with you

I don't, I don't, I don't
Wanna see myself like that again
I don't wanna be that again

Well I know
This ain't you
And when we talk
You're coming through

I've made a few mistakes
You throw them in my face
But we are not the same
I want you here, but can you change

I'll help you stay up late
Keep our plans from yesterday
To sing and laugh and play along
And kick the olden ways away
