A mystic full moon shines from the sky  
Dark clouds obscure his light  
The night of invocation has come  
Priests of darkness are gathering

[Refrain]  
Satanic rituals  
In the name of Satan  
Satanic rituals  
To get closer to hell

The place is surrounded by ancient stones  
Those have gathered the energy of evil  
In the center burns a black flame  
Symbols of darkness are drawn

[Refrain]  
Satanic rituals  
To call the spirits  
Satanic rituals  
To conjure up the unholy power

They have tasted the flesh of fallen angels  
They have tasted the devils black blood  
They have seen beyond the world of skin  
The architecture of blood and bones and marrow

A mystic full moon shines from the sky  
Dark clouds obscure his light  
The night of invocation has come  
Priests of darkness are gathering

Satanic rituals  
In the name of Satan  
Satanic rituals  
To get closer to hell

To hell  
To hell  
To hell
