Well this is all about my problems to get out of drugs,
cause I had enough of that,
I've had the college,
I've had the earing the money,
and the material trip,
I just decided I was going to find a new way of life

And so I took off on my bicycle,
well, to solve all my problems, to get out of drugs,
cause I had enough of that,
I've had the college,
I've had the earing the money,
and the tural trip,
I just decided I was going to find a new way of life

And so I took off on my bicycle,
well, to solve all my problems, to get out drugs,
cause I had enough of that,
I've had the college,
I've had the earing the money,
and the material trip,
I just decided I was going to find a new way of life

And so i took off on my bicycle

Well this is all about my problems to get out of drugs,
cause I had enough of that,
I've had the college,
I've had the earing the money,
and the material trip,
I just decided I was going to find a new way of life

And so i took off on my bicycle

Well this is all about my problems to get out of drugs,
cause I had enough of that,
I've had the college,
I've had the earing the money,
and the material trip,
I just decided I was going to find a new way of life

And so i took off on my bycicle,
Peddling up to highway one,
and found myself one day in Eureka California.
