The nineheaded dragon shall arise
Born in the west
With one goal in his eyes
To destroy the christian kingdom

The ninehead dragon shall arise
Thousands of serpents he shall bring
Spreading their venom
To extinguish mankind

Babylon whore will rise over the land
Bringing predicted end of the world
Dreams of mankind ruined
Everything important countless

Babylon whore will weave her web
Nobody can stop her
Initiating the fog of downfall
The last day has begun

She has satans mercy
Destroys the world with joy
She is the whore of humanity
Misleading us to sweet sin
