There's a place inside my mind unseen  
Dreams of you and I that just can't be  
But I can keep them safe and locked away inside  
In a perfect world where I controlled it  
You'd give me your heart there and I would hold it  
But I know that just can't be reality  
But please  
Don't you wake my daydream  
Cuz it's so real it seems  
Maybe someday I'll get my head from the clouds  
But for now I'll just daydream  
If you said to "jump" then I would do it  
Right into the fire and walk straight through it  
And if you knew, I'll bet that's just what you would say  
I guess the only thing for me to do is  
Never let you know just how I'm feeling  
Cuz I don't want to know if you don't feel the same  
It's a shame  
But don't you wake my daydream  
Cuz it's so real it seems  
Maybe someday I'll get my head from the clouds  
But for now I'll just daydream  
There's a place inside my mind unseen  
Dreams of you and I that just can't be  
But I can keep them safe and locked away inside  
Inside  
So don't you wake my daydream  
Cuz it's so real it seems  
Maybe someday I'll get my on the ground  
But for now I'll just daydream
