You want the things you fear the most  
Afraid to hurt if you let go  
I wish that you could realize  
That if you don't, you're half alive  
You can't appreciate the sun  
Until the rain has come and gone  
There's a rainbow in your eyes  
And all the colors there, they mesmerize  
There's some things I see your smile can't hide  
The blues and greens, they show the hurt inside  
So let me take your heart out for a ride...  
I've seen the fortress that you've built  
Safely high atop your hill  
Far, far from the dragon's keep  
And it protects you while you sleep  
You can't appreciate the sun  
Until the rain has come and gone  
There's a rainbow in your eyes  
And all the colors there, they mesmerize  
There's some things I see your smile can't hide  
The blues and greens, they show the hurt inside  
So let me take your heart out for a ride...
