Nigga that's that bullshit, nigga that's that bullshit
It got me fucked up, right now on that bullshit
Nigga that's that bullshit, nigga that's that bullshit
Got us fucked out here, on that bullshit
Nigga that's that bullshit, nigga that's that bullshit
It got me fucked up, right now on that bullshit

Same nigga haunt the beat like a pussy
Fucking right I put the beat on the track
Same nigga that got out of jail
Same nigga that walk up to the bank
So what the fuck should have never hit that bitch in the
head
Unless you're pushing your ass better next time you
gonna
Get your shit together, nigga get your mind right
Every nigga in smarting out looking at it from hand
sight
Hope the shit start sinking in,
you'll be spanking in, no bitches, no titties, no pussy
prints
why the fuck you weren't thinking in
I say oh, justice of my ass
Tell the people how much that you miss them talking
from behind that glass
You're mad cause I'm moving fast, so you're using that
Now you out here talking shit, but bitch I'm used to that
Bitch I never give up, I said I never go back
But judging from the way the bounce
I might get to see my nigga mad

Nigga that's that bullshit, nigga that's that bullshit
It got me fucked up, right now on that bullshit
Nigga that's that bullshit, nigga that's that bullshit
Got us fucked out here, on that bullshit
Nigga that's that bullshit, nigga that's that bullshit
It got me fucked up, right now on that bullshit

Tryna do me like treat me like a handfreak
A something like a 4 eyed geek
Cause you up in that huffing and puffing

Talking bout I lie and cheat
Bitch I want you outta my house!
She said I want you off of these streets
Hold up baby, it ain't gotta be all that
You know how much I love you, don't do nothing crazy
â€¦ you might as well pack your bagsâ€¦ like kiss my
ass
Say goodbye to those shows, and peace out to those
beats
Tell them I got you out the truck, yeah nigga hand over
those keys
Know you won't take it baby, it's your darling
â€¦ now the bitch dummyâ€¦chargesâ€¦
Mama said knock that light out

Nigga that's that bullshit, nigga that's that bullshit
It got me fucked up, right now on that bullshit
Nigga that's that bullshit, nigga that's that bullshit
Got us fucked out here, on that bullshit
Nigga that's that bullshit, nigga that's that bullshit
It got me fucked up, right now on that bullshit
