I was at the mall and this girl passed me by  
So I like her booty she said, "Hey boy"  
That's when I made my move  
I jammed up and jammed re-over there by the baby  
shoe

I said, "You got a child huh"  
She said, "Yeah, he live in Bogalusa out there by my  
momma  
Give me yo' number and I hit you when I make it home  
And after I take a bath, I'll catch up wit'chu later on"

That's exactly what I did  
We went to the movies got some eatin' back to the crib  
Being a man you know, I'm thinkin' about hittin'  
somethin'  
She said, "You nice but this the first date you ain't  
gettin' nothin'

That's alright 'cause I respect your mind  
It ain't no rush 'cause I'm a get you next time  
We ain't got no beef, we ain't got no quarrel  
You likin' me tonight, but you gone lovin' me tomorrow"

I said, "Go 'head, go 'head and move it baby  
You've got 'em watchin', go 'head and do it honey  
You've got 'em comin' now, you've got me watchin'  
baby  
So don't you stop it baby, you got me so"

Must be my baby 'cause I seen her everyday this week  
And when we made love you know we went meat to  
meat  
I think I'm headed for a Love Jones  
This one hear supposed to be a jam not a love song

Girl you got me humpin' and don't ask me what I'm  
doin'  
'Cause I'm thinkin' 'bout my pumpkin'  
They call her pumpkin' 'cause she workin' with  
somethin'  
I call her 'Bia' 'cause she carryin' my youngin'

I made her Cavalier a Navigator  
And put baby momma on a Jaguar bling  
I for you and me for me  
She built like a stripper I don't need to cheat

And when it's late she's always inside  
Under the cover, behind her cuddled up wit' her  
And since we met you been the love of my life  
We ain't married but we call each other husband and wife

I said, "Go 'head, go 'head and move it baby"  
You've got 'em watchin', go 'head and do it honey  
You've got 'em comin' now, you've got me watchin'  
baby  
So don't you stop it baby, you got me so

We always home and all we do is laugh together  
Even watchin' TV, takin' baths together  
Went through the sunny and the nasty weather  
My feelin' short so I ain't have to tell ya'

And I would never try and use you  
I care too much to hurt you and need you too much to lose you  
We have mo' babies than my cousin' Weebie  
I'm goin' be yo' king Tut you goin' be my Nefa Teenie

Tell me what you say to that  
I be coming home from work sayin' where my old lady at  
And you come runnin' from the back room  
And you know how much I love to see you when you wear a cat suit

Now give me what I want, want  
I say where them trishes at I took 'em by the mall, mall  
You make me feel like a man, 'cause you can't get enough  
Girl you got it, you got it bad

I said, "Go 'head, go 'head and move it baby"  
You've got 'em watchin', go 'head and do it honey  
You've got 'em comin' now, you've got me watchin'  
baby  
So don't you stop it baby, you got me so

I said, "Go 'head, go 'head and move it baby"  
You've got 'em watchin', go 'head and do it honey  
You've got 'em comin' now, you've got me watchin'

baby  
So don't you stop it baby, you got me so

I said, "Go 'head, move it"  
You've got 'em watchin'  
You've got 'em comin' now, watch it  
So don't you stop it baby, stop it
