You lookin' for me, you lookin' for me?

Somebody said that you were lookin' for me

Somebody said that you were lookin' for me

Somebody said that you were lookin' for me

Somebody said that you were lookin' for me, huh

(Mystikal)

Somebody said that you were lookin' for me

Nigga, that's like somebody who ain't

got no fuckin' money tryin' to say somethin' to "P"

It's like y'all niggas goin' to learn - to learn with "E"

Y'all niggas act like ya go to job interviews

and come and try to fuck with our beans

Oh no, you don't go, go there, fool!

That nigga said what? Oh ah, hell no!!

Still hot, just thought I'll tell y'all

Bitches suckin' dick if they thought it fell off

Like a man-stare, hundred-twelve floors

When they want the fire I'm the one they'll call

Your Record Company's Stores' fallin'

I'll pick that bitch up, put it on my back and start walkin'

Hit the car, start coughin'

Shoplifter get off, I'm bustin' the dodger

I'll B&B y'all from N.O. to L.A.

You ain't lookin' for me, cause you know me by my face

(Chorus: Mystikal)

Somebody said that you were lookin' for me

Somebody said that you were lookin' for me

Somebody said that you were lookin' for me

Somebody said that you were lookin' for me

You lookin' for me, you lookin' for me?

Somebody said that you were lookin' for me

Somebody said that you were lookin' for me

Somebody said that you were lookin' for me

Somebody said that you were lookin' for me

You lookin' for me, you lookin' for me?

Somebody said that you were lookin' for me

Somebody said that you were lookin' for me

Somebody said that you were lookin' for me

Somebody said that you were lookin' for me

You lookin' for me, you lookin' for me?

Somebody said that you were lookin' for me

Somebody said that you were lookin' for me

Somebody said that you were lookin' for me

Somebody said that you were lookin' for me

You lookin' for me?

(Mystikal)

Somebody said that you were lookin' for me

I better go complete, tie to put together rap DEAD on  
the beat

Don't beg for my weed, don't step on my feet (step on  
my feet)

Don't pull out my prenum, messin' with my trailer  
lookin' my women, don't fuck with my jeep

My coban motherfuckers, can never be chuckin' no  
beef

Y'all niggas still can't fuck wit' me and would not  
compete

I'm out the box, off the HEAT!!

Proper prop-lock up blocks with much shit, drop shit  
Jaws and break bones with my shit-song

And it's on with rhyme-stones, styles gon' be shown

And I'm known, bring it home, an' home on microphone

It don't say my name on it, so, cause they know I'll be  
comin' for 'em

(Chorus: Mystikal)

Somebody said that you were lookin' for me

Somebody said that you were lookin' for me

Somebody said that you were lookin' for me

Somebody said that you were lookin' for me

You lookin' for me, you lookin' for me?
