Chorus 2

Mystikal:

I want another side of fries with my poppa's chicken
and bisquit

Take the wall out, fall out

I'm not playing with these dumb bitches

What you doing if your riches don't fit ya?

Ball playing and swinging on a track

We some big old niggas

Not some dead old niggas

Bitch you trying to do something

I'm gonna get on with ya

I'm scratchy!

You can't match

I'm known for getting nasty

With my cigarette ass

Once I get this fucker started you can't stop

Oww you done fucked up now

Mystikal and Busta Rhymes like Dolomite and Red Fox

They frightened of the braids, running from the dread
lox
