Congregate to correlate this brotherhood of norm.  
Orchestrate what we love to hate and watch the masses  
form.

Line up the bodies, watch them fall.

As the blind man shouts, "I will lead you all."

Right!

I hear the same old words ringing in my head! [And its  
deafening!]

[I say] Hows that!

Appropriate!

[I say] Appropriate!

Through those eyes, you criticize a world you can not  
see.

So take my hand and you will find, submit to lust and  
lechery.

Cling to your little world of proper.

As youre pointing your finger, pass the blame.

Why!

Becoming, I will penetrate this silent synthetic stare!

[As ignorance is bliss!]

[I say]Hows that!

Appropriate!

[I say] Appropriate!

[I say] Appropriate!

[I say] Appropriate! Appropriate!

Oh Yeah. Appropriate! Appropriate! Appropriate!

Appropriate! Ow!

Wow! [I say]Hows that!

Appropriate!

How's that!

Appropriate!

How's that!

Appropriate!
