Intro:

Ahh, wooh

C'mon man, I love you but I don't like you right now

Verse 1:

Now listen

I heard your complaints, I heard you on the phone you riffing,
You say you pain, You say you feel something missing
Well get on the plane, Go find another love to visit
This ship has sailed, You might as well keep your fucking distance

Myspace is my space, stop sending pictures
I love the way you looking at blew off f*** what is this
I can't take it no more, alright baby it's wrong
I can't fake it no more, my heart is already gone

Degrees of separation, and your my Kevin Bacon
But asalamalakum I'm tired of the confrontation
I'm tired of the constant hating, It's half empty for you
I'm like ???? I think the ????

I wish the ??? came with it's ???? out of ????
I stop calling yo ass and now your ass is naked
And now our ass is caking
It's like I'm always waiting on yo ass to change but my
ass never had the patience

Chorus:

Babe (Listen)

I love you

But I love you more

If we wasn't together

X2

Verse 2:

Girl, all this caution is making me nauseas
Girl, you built a wall protecting the target
Why, nobodies trying to attack

We were fine in fact, it was all in your mind your past

Got you, thinking all the time you gonna get it got
But just knowing the real I gave it my best shot
I did what I could, even when I couldn't
I look all up in my proof tryna find your pudding,

But it's the opposite, this shit was obvious
I saw the sewer, we was living in metropolis
And I was super man and you was stupid... Damn!
I think she feel in love with my suit again

Wanted me to save her from the hooligans
I'm in the hoop again, she's in the coupe again
We getting cool again, but check the loop again
She's looking through my phone like nah uh who your
friend

Chorus:

Babe (Listen)
I love you
But I love you more
If we wasn't together

Verse 3:

Baby girl I ain't seen you in a couple days
And its cool we said we'd give each other space
And it's true sometimes we on the other ???
My bad it's your fault, all in each others face, never
with enough to say

We screaming through the intercom
Then the stairs, then the hall, then we get it on
And we blind cause we can't see who we sh***ing on
First you call the cops, then you call me ???, then we
get involved

And I ain't seen you all day,
Uh, I feel like your my favorite heartache
Uh, I mean like your my greatest long day
Uh, I mean like I don't know where were going but this
is what the song say

And it's gonna take more than praying, nah mean
It's gonna take a little motivating, nah mean
Cause these feelings that I'm cultivating, it's not me
And uh it's not you, and uh it's not us

So what what what but what I gotta say is
But what what what I gotta say is

But what what what what what what what what
But what I gotta tell you

Chorus:
Babe (Listen)
I love you
But I love you more
If we wasn't together
X2
