You know me I'm NYC
So you know I'm rollin deep
Some with you, some with me
We could all fit in the jeep
You just have to have a seat
And you have to answer me...
How'd you get up in those jeans and
Can you stay for like a week?
I ain't trickin, I ain't cheap
We wake up and then we
Beat-box rock you back to sleep ma
Oh my God you linda
And you (?)
Damn I think I'll keep ya
Or I think I'll lease ya
See ya, See ya
Older than a beepa
And I am a G
One...two fingers Peace son

We gon we gon fly by fly by
Call the bartender tell her I buy I buy-ne (?)

Mira mira que lo que
What's ya name she say Monay
Pretty mami from the Bronx
She was raised the JLo way
Hate okay, ain't no way
Ballers do not sway yo way
Offer you to pay yo way
Glasses of Moet Rose
She tell him no way Jose
Don't care how much, pays all day
Gave her pay
She won't be be on TV chasin Flavor Flav
And I dig that bought her though
I'm a nigga bought his dough
It ain't right then it ain't right
Her nigga is out the door
We giggled about that though
Then I said I'm Losito
We should go to Sofrito though
Order us Blue Mojitos
Or Sangria if you want
Afterward we dip and front
Have a toke and grip a blunt
Get high-iy high-iy
We can go bye-bye bye-bye
