Right now you're going to far  
Very far so far now  
Right now you'd like to think  
About a drink but you've already drown  
Shall we just say bye at the gate  
Right now you're life's like a couch  
Inside a house where noone wants to be  
Right now you've sorted it out  
Beyond a doubt but who wants to see  
You could turn it up but you won't hear  
You didn't want to hear  
Go ahead and think about  
How it might be without no sympathy  
Go ahead and worry about  
How she might be when she figures out  
About it you can't even step one foot  
Out of those shoes ankle deep in shit  
And when you finally sink a little more  
You'll be there for her and you'll finally hit the floor
