Anytime you laugh
Anytime you cry
Anytime you hear a sound
When you're on the grass
Lying on the ground
Anytime you wash your hands
I'll be around

I'm out there on the baseball field
Though I'm well concealed
I'll be out there cheering
I'm out there in the books you read
It is guaranteed I'm not disappearing fast
Anytime, no not anytime

And I am there each morning
I am there each fall
I am present without warning
And I'm watching it all
Yes I'm watching it all

I am there in music
I am there in sky
I don't know why this thing did happen
But this much is clear
Anytime or anywhere
I am there

Anytime you pray
Anytime you fight
Anytime you gained a pound
Anytime its day
Anytime it's night
Anytime the earth moves
I'll be around
I'm out there in the maple trees
In a summer breeze
On a perfect evening
I'm out there when you celebrate
When the world seems great
I'll be waiting by your side

Anytime, yes anytime

And I am there each morning
I am there each fall
I am present without warning
And I'm watching it all
Yes I'm watching it all

I am there in flowers
I am there in snow
I don't know why this thing happened
But this much is clear
Anytime you cry
Anytime you sing
For anything

And I am there each morning
I am there each fall
I don't know why this thing happened
But this much is clear
Be aware
I am there
I am there
I am there
I am there
I am there
I am there
I am there
