Man, you fucked me over
And I really can't thank
you enough for I will
Get my revenge between your eyes

So you think you're on
Top
But don't you know that your'e
Not

Man, you broke my trust and
I won't forget what you've done
Don't think you've escaped me
I will hunt you down now

So you think you're on
Top
But don't you know that your'e
Not

Man, you fucked me over
And I can't repay the debts
The debts that you left me
I will cut you deep with them

So you think you're on
Top
But don't you know that your'e
Not
