It's time to go now. Get out of this place  
Your face tells me all I need to know  
So take my hand now. Look into my eyes  
We'll travel full blast at the speed of...

Let me show you one more time  
I can save the world so pull me close and be mine  
Let me hold you one more time  
Give your heart to me so pull me close and be mine

It's time to go. I can heal your pain  
The scars and bruises, take them all away  
Begin to grow now, and start a new game  
We'll light this candle to rekindle this...

Let me show you one more time  
I can save the world so pull me close and be mine  
Let me hold you one more time  
Give your heart to me so pull me close and be mine

Let me show you that I can save the world

Let me show you one more time  
I can save the world so pull me close and be mine  
Let me hold you one more time  
Give your heart to me so pull me close and be mine

So pull me close and be mine  
Pull me close and be mine
