Tonight will be ours into the future
We're picking up lies for the summer
C'mon, dress down girl. Do you believe me
that I hold the key that'll set you free
lay in my arms and come with me
Tonight will be ours and forever, C'mon

Dance with me baby all night long
Touching me baby all you want
Moving to the radio
Singing our favorite song
Dancing with eachother, together, if you like

If you like.

Our bodies move like stars around eachother
We're bound to rough touch and discover
C'mon, dress down girl, we'll never get caught
You got what I want and it can't be bought
now baby can't you see, you have my heart.
Tonight will be ours and forever, C'mon

Dance with me baby all night long
Touching me baby all you want
Moving to the radio
Singing our favorite song
Dancing with eachother, together, if you like

If you like.

C'mon and light up the night like the fourth of july
Maybe we can get down. Baby, we can get down.

If you like. C'mon. Yeah.
