Young money
Keep the cash, money
...let's take this world wild

Uuuh
Take this world wild
Uuuh Take this world wild
Uuuh
Let's take this world wild
See you at next day
Sleep with the wise eyes
World that with a could heart
could may forgot me
But I am with my arm wide
I scream with you wile I'm cry
You told that we hold high
We'll get through it this time

...
We got it with all this boys and girls trumbling
Hold on cause your help it's comming

...
You can't face the world alone
And I can't face the world alone
Together we can stand the stone
I'll get the stone
That's hwo it calls
And once he gets ...
He feels all alone
And this stone can tell
They will tell you what they see

...
She got that look that will blow your mind
At the Hotel California She's doing right
Stick it to a place that she likes it
The next day ...

...
She having a baby, hwo got a reason
Cause 'aint no father figure what they saying
The streets bcome his father

His uncle become a chaper
Bang, bang, bang are you hear this siren
Bang, bang another ...

...

Words from the...

...

We got it with all this boys and girls trumbling
Hold on cause your help it's comming

...

You can't face the world alone
I can't face the world alone
Together we can stand the stone

...

We got it with all this boys and girls trumbling
Hold on cause your help it's comming

...

Come on
Cause you can't face the world alone
I can't face the world alone
Together we can stand the stone
Together the world ...
Can't tell me another diference

...

Everybody's starving
How ever thought that eight of you will be a fucking
orfan
Hoping when we pray
But we 'aint see nothing
They coming with the cameras but never leave nothing
They say we are equal
I'm feeling like a nothing
To make this world a better place

...

The love of money feed the flash

..

Evey day it's a battle
Got to keep fighting
Focus on a better future so we keep...

....

But we don't wany to kill 'em
... but they all in prison
You can the stars ... but please feed the children
Call me .. junior
I can make a diferece
But I can't face the world all alone
It's take all o us
One hand washed another ..

...

We got it with all this boys and girls trumbling
Hold on cause your help it's comming

...

Come on
Cause you can't face the world alone
I can't face the world alone
Together we can stand the stone
Together we can stand the stone
...
We got it with all this boys and girls trumbling
Hold on cause your help it's comming
...
We got it with all this boys and girls trumbling
Hold on cause your help it's comming
Come on
Cause you can't face the world alone
I can't face the world alone
Together we can stand the stone
Together we can stand the stone
