Love ain't a thang that you can run away from
Stares you in the face, refuse to back off
You can try, try hard to fight it
But you can't for long
And I know you've been hurt so recently
But I'm here gonna give you all of me
And I know you're trying to walk away from me
But I know deep inside that you can feel it
Girl you can fake it, you keep on saying
You can't feel a thing
But I know that you say anything
Cause you're just too afraid,
To admit that you say that
You can feel the love, love, love, love
Say you can feel the love, love, love,
Say you can feel the love tonight
I say you can feel the love tonight, yeah

Oh I'm not the kind of guy running games on you
Stares you in the face and lies to you
I won't lie, my love is honest girl, I'm here for you
But I know you've been hurt so recently
And I'm not tryna rush you, honestly
But I know that you could fall in loving me
And I know deep inside that you can feel it
Girl you can fake it, you keep on saying
You can't feel a thing
But I know that you say anything
Cause you're just too afraid,
To admit that you say that
You can feel the love, love, love, love
Say you can feel the love, love, love,
Say you can feel the love tonight
I say you can feel the love tonight, yeah
You can feel the love, love, love, love
Say you can feel the love, love, love,
Say you can feel the love tonight
I say you can feel the love tonight, yeah
Can you feel the love tonight, the love tonight?
Can you feel the love tonight, the love tonight?
Can you feel the love tonight, the love tonight?

I know you can feel it girl
Girl you can fake it, you keep on saying
You can't feel a thing
But I know that you say anything
Cause you're just too afraid,
To admit that you say that
You can feel the love, love, love, love
Say you can feel the love, love, love,
Say you can feel the love tonight
I say you can feel the love tonight, yeah.
