I want to see you back
I want more than this
Like things had never happened
I say your name at the sky
It hopes you'll come down to me
And soon I'll see you again

I'll go on thinking

I want more than this
It's just too real
I want to see you

I want more than this
It's just too real
I want to see you

If you believe in forever
There's a memory surrendered
If you believed in me better
There's feelings to remember

If you believe in forever
There's a memory surrendered
(If you believed in me better
There's feelings to remember)

Cause

I want more than this
It's just too real
I want to see you
(I just want to see you back)
I want more than this
It's just too real
I want to see you
(I walk through these angel's eyes)

Now you're free
And I hope you're listening
When I speak to you in my dreams
No you'll never leave me

I'm still keeping you in my heart!

I want more than this
It's just too real
I want to see you
(My heart, my heart)

Everyday is I miss you
I miss you
You're gone but to me you're alive

(See you)
(I want to see you)
You'll never leave me
You'll come down to me
Every day is I miss you

You'll never leave
Never leave me
