Look what you did  
Reduced to nothin' in the blink of an eye  
Why oh why

Now all your time left  
Rests on regrets of warning signs  
You'll mourn more nights

Losing faith you should've listen to me  
Looked you dead in the eyes  
Why oh why  
Look what you did  
Looked you dead in the eyes  
Why oh why

Face the music  
Your world is toxic  
You threw away your life

Of all mistakes made  
You go and break our hearts this time  
Why oh why

Losing faith you should've listen to me  
Looked you dead in the eyes  
Why oh why  
Look what you did  
Looked you dead in the eyes  
Why oh why

You go and you break our home  
The words you will never know  
We forgive you  
And we may miss you

Of all mistakes made  
You go and break our home

Of all mistakes made  
You go and break our home

When you ran away with the world at stake

We weren't the same

Losing faith you should've listen to me  
Looked you dead in the eyes  
Why oh why  
Look what you did  
Looked you dead in the eyes  
Why oh why

You go and you break our home  
The words you will never know  
We forgive you

We forgive you
