LET'S GET READY TO RUMBLE!

Knocked down, but ready to go
Back on my feet so you know
Watch out, you're looking for trouble
Let's dance honey, I'm ready to rumble

Get yourself back
Get yourself back up
I think that I've had enough
You're tryin to show me that you're tough
You're tryin to show me that you're tough

Hey hey

What I don't show
What you don't know might
Crown the underdog tonight
I never thought I'd stay and fight
Not gonna be a pretty sight
Cause I don't really give a

Sh... let's knuckle up
Hey hey

Knocked down, but ready to go
Back on my feet so you know
Watch out, you're looking for trouble
Let's dance honey, I'm ready to rumble

Knocked down, but ready to go
Back on my feet so you know
Watch out, you're looking for trouble
Let's dance honey, I'm ready to rumble

Where did I go
Where did it go wrong
It's on like donkey kong
And there's no turning back on this
There's no turning back on this

What I don't show

What you don't know might
Crown the underdog tonight
I never thought I'd stay and fight
Not gonna be a pretty sight
Cause I don't really give a
