(Intro)

Ladies and gentleman  
I'd like to introduce myself  
My name is Mr. Hamilton Marshall

(verse 1)

Why does every single word that we say  
Just drive us away  
How come you aint been givin' me kisses  
But you've been all in my face  
See you think you're perfect  
I don't think it's worth it  
To stay and fight everyday  
Let's end the suffering  
Put love out its misery girl  
I just think you should

(Chorus)

Leave me alone  
Just leave me alone  
Just leave me alone  
Just leave me alone girl

(Verse 2)

How come  
Even though I aint dreamt in days  
The nightmare's the same  
It starts with a kiss but  
Ends with you running away  
See you think you're perfect  
I don't think it's worth it

We both know you'll never change  
Let's end the suffering  
Put love out its misery girl  
I just want you to

(Chorus)

Leave me alone  
Just leave me alone  
Just leave me alone

Just leave me alone girl

(Bridge)

Cause I don't wanna fight  
And you don't wanna cry  
So we just can't live this lie  
That's why I think you should  
Leave me alone

(Chorus)

Just leave me alone  
Just leave me alone  
Just leave me alone baby (oh)  
Leave me alone (yeah baby)  
Would you just leave me alone (oh)  
Just leave me alone  
Would you please leave me alone (just just leave me)  
Please leave me alone (please leave me)  
Would you please leave me  
Alone(x5)
