(Intro)

Have you ever met someone  
and from the start you knew  
there was something about her  
I can't put my finger on it yet but  
but but  
but it's turning me on(x2)  
ay on on on on on (x3)

(Verse 1)

Now you'd be crazy not to see her  
if shes walking down the street  
oh she looks like a goddess  
from her head down to her feet  
I was bouncin through this club  
when she turned them eyes on me  
now I'm dying to try her  
this girl ignites my desire  
to just go crazy on this beat  
and I dont know if it's just me  
but I swear  
shes lookin at me like some  
animal in heat  
and man if she keeps on starring  
next stops my passengers seat  
cause I'm dying to try her  
somehow I think I'm on fire  
I need to

(Chorus)

and I feel like i need to  
Stop drop and roll (x2)  
with me in the sea of these sheets  
get so mean baby girl

(Verse 2)

Now we pull right up to my house  
I lay her down on my couch  
probably look hungry as hell  
but those damn clothes I want her out  
she's got it right there in my face  
now show me what you're about

cause I'm dying to please her  
I just hope she ain't no teaser  
so we take it to the floor  
watch her wind it up real slow  
I still haven't caught her name  
so I scream Britney give me more  
you can leave those over there  
cause right about now it's time to go  
oh I'm dying to try her  
lets set this bedroom on fire  
I need to

(Chorus 2)

And I feel like I need to  
Stop drop and roll  
stop drop and roll roll roll  
with me in the sea of these sheets baby girl

(Bridge)

Ay man this thing is so crazy  
I ain't plan to run into this 80's baby  
no I try to keep my stance  
I just came here to dance but  
you comin to my crib  
and you ain't gotta pursue me  
lets take it to the counter  
lil mama it's on  
cause I ain't gotta kick you out  
til bout six in the mornin  
so imma have that ass on here moanin  
and you know I'm in my zone man.

(Outro)

But wait oh geez  
there's a parting in the sea  
father away from the ocean  
there's a breeze between the trees  
when I was younger mother  
told me bout the birds and the bees  
but she never mentioned honey drippers  
taste so sweet  
I never knew that one chick  
could ignite my desire  
but I'm putting this on paper baby  
I'm jus that inspired  
you must be some kind of drug  
cause girl I couldn't get much higher  
excuse me if I perspire  
it's just that I'm on fire
