I've been good
Done my best
Should have known
Should have guessed
(Known should have guessed)

That I'm not
What you need
Still you left me deceived
You left me to bleed

That girl is beautiful
Sexy from head to toe
But when I come around
She turns away

Not saying she's a miracle
But she is my favourite girl
And no one makes me feel this way

That girl is divine
She's playing my mind
But now she is slowly
Breaking me down
She spins me around
Round and around
I want her to know

She's making me
Freak freak freak out
She's making me
Freak freak freak out
She's making me
Freak freak freak out
She's making me
Freak out

You've got style
You've got grace
I've got all the clich?s
(All the clich?s)

Been untrue
But I'm through
Now I know what to do
I'll keep on fighting for you

Hey girl you're beautiful
Sexy from head to toe
But when I come around
You turn away

Now you're my miss America
We should be together girl
You blow my mind in every way

That girl is divine
She's playing my mind
But now she is slowly
Breaking me down
(Breaking me down)
She spins me around
Round and around
I want her to know

She's making me
Freak freak freak out
She's making me
Freak freak freak out
She's making me
Freak freak freak out
She's making me
Freak out

(Ahh, ahh, ahhh)
She's making me
(Making me, making me)
(Ahh, ahh, ahhh)

She's making me
Freak freak freak out
She's making me
Freak freak freak out
She's making me
Freak freak freak out
She's making me
Freak out

That girl is divine
She's playing my mind
And now she is slowly
Breaking me down

She spins me around
Round and around
I want her to know
I want her to know

She's making me
Freak freak freak out
She's making me
Freak freak freak out
She's making me
Freak freak freak out
She's making me
Freak out

She's making me
(Oohhh...)
She's making me
(Oohhh...)
