Hey girl
We've only just met I know, (yeah yeah)
But I like the little I know about you
Girl I can't live without you

I like your style, I like your smile
I like your style, I like your smile

Thinking a lot about, the way you make me feel,
This time I know that it's for real, oh yes it is
You touch a special part of me, you make me so happy
Just wanna spend some time with you, ooh yes I do

I like your style, (Girl I like) I like your smile
(I like it)
I like your style, (Girl I like) I like your smile
(I like it)

Daydream a lot about, the way you make me feel,
There's no doubt you're the one for me
Oh yes, you are baby

You found a special part of me
It makes me feel so complete
I just wanna spend my life with you, ooh yes I do

Is it the way you walk, maybe the way you talk,
Don't know exactly, but what I'm sure about is,
Is it the way you talk, maybe the way you walk,
Don't know exactly, but what I'm sure about is.

I've been waiting all this time (Waiting, waiting)
Waiting patiently to find, (find someone like you)
If you give me your heart, girl I'll give you mine
(Give you mine)
Let's stay together, I just wanna be with you
All the time

Girl I like your style
Girl you make me smile
Get down

Everything you do (I like it)
