(feat. Patrick of B5)

[Liz:]

Now you...

Lookin' like a star in a video. (Video)

Got the freshest style and you should know,

That I can't take my eyes off you. (Can't take my eyes off you)

You so cool, you should be,

In the spotlight with me. (In the spotlight with me, yea)

Baby let's dance the night away,

Just you and I. (Just you and I)

Oh you know I like it, (Just you and I)

And I'm not tryna fight it. (Nah)

Boy you're not the average, (Not the average kind of boy)

Show me your moves.

[Patrick:]

If you wanna go,

Come on let's go,

Babygirl, I know you wanna get it.

[Liz:]

You're chillin' with me all night.

Boy you know it's all right.

[Patrick:]

It's out of control,

When you wanna flow,

Babygirl, I know you take it to the limit.

[Liz:]

And I can't take it no more,

So get a little closer.

[Liz (Evonne):]

When you dance with me.

(When you dance with me, yea.)

Do I make you smile?

(Do I make you smile, do I make you smile?)

Am I all you need?  
(Am I all you need, babe, yea?)  
If so stay a while.  
(Can you stay a while, can you stay a while?)  
I'll keep it hot for sure.  
(I'll keep it hot for sure, you know I'll keep it hot.)  
Promise you'll enjoy,  
(Promise you'll enjoy, yeah.)  
The way the story goes,  
(The way the story goes)  
Of when girl meets boy.  
(Of when girl meets boy.)

[Liz:]  
When girl meets boy,  
When girl meets boy,  
When girl meets boy,  
When girl meets boy,  
When girl meets boy,  
When girl meets boy,  
When girl meets boy,  
When girl meets boy.
